Securely and efficiently **verify Signatures** with MicroMac's **eSignature Booklet**

MicroMac's eSignature Booklet is a solution designed to securely and efficiently verify signatures. Authorized Signature verification process thus become smoother and faster for Banks and financial institution.

Features & Functionalities

- The system has the provision to manage PA/AS profile. The profile consists of Bank Name, Branch Name, PA/AS Holder Name, Employee Id, Designation, Functional Designation, PA Number, PA Signature, AS Number and AS Signature fields, free fields and others information as deemed necessary.
- It has the option of inputting and uploading of signature.
- Option is available to have separate dynamic write permission and view permission of in-house signatures & other bank signatures.
- Separate control panel and account for other bank users are available.
- Access of only viewing signature is available by other bank users as Administrative Roles so that they can create USER ID as per their requirement.
- Signature filtering option is available by Bank Name, PA/AS Holder Name, Employee Id, PA Number, AS Number, etc.
