Streamline Your **Export Import Financial Activities** with MicroMac's **EIMS: Export Import Management System**

EIMS is a versatile banking software that uses a user-friendly web interface to streamline financial activities. It excels at LC contract management, Back-to-Back LC with import and export, EXP operations, and reporting. It covers LC operations such as recording, amendment, grouping, and cancellation, as well as advance payments, DC management, LC acceptance, and the creation of XML data. EIMS also assists with B2B LC procedures such as issuance and revision, as well as Bangladesh Bank reference generation. It facilitates export-related processes such as issuance, amendment, and realization in the EXP module, and it provides instruments for monetary incentives and B2B certification.
